# Wholesale Prices and Discounts • 1957

	<p>This offer cancels all previous verbal, written or printed quotations.</p> <p>PLEASE READ CAREFULLY</p>						
<i>Introduction</i>	<p>We take pleasure in submitting herewith our wholesale prices for the 1957 season. Suggested retail prices will be found in our descriptive catalog of which a copy accompanies this list. Additional retail copies are available at a price of forty cents post-paid. Should you wish to send out a number of these retail catalogs to your customers then please ask us for a special quantity quotation. The books can be overprinted with your name and address. Orders for such special editions should reach us before April 1st.</p>						
<i>Minimum Order</i>	<p>To offset the ever rising cost of assembling and packing orders, as well as of clerical handling of small accounts, we must ask you to place orders of <b>twenty-five dollars minimum</b>. Orders below that figure will be accepted and filled but will be automatically billed at retail prices.</p>						
<i>Retail Prices</i>	<p>The descriptive catalog is printed with retail prices at the request of many of our customers. There is no desire on our part either to engage in the retail business or to dictate prices to our dealers. It was found, however, that often our catalogs would be open to unauthorized personnel or to customers not entitled to wholesale prices and we believe that by giving an approximate retail price for each item we have overcome that difficulty.</p>						
<i>Dealer's Discounts</i>	<p>It is obvious and customary in the trade that large orders, especially those calling for a number of cases of a variety, merit a better price than small orders. We also feel that we owe something to the firms that issue attractive catalogs and thus help directly to promote the sale of our new items. Finally, many of our customers stock our bulbs in considerable quantities in order to serve other dealers and must therefore have some special price concessions. For these reasons we have decided on a definite scale of discounts, as follows, and orders from</p> <table> <tr> <td>\$ 25.00 to \$ 100.00 will pay dealer's list price</td><td>\$1,000.00 to \$2,500.00 earn 15% discount.</td></tr> <tr> <td>100.00 to 500.00 earn 5% discount.</td><td>2,500.00 to 5,000.00 earn 20% discount.</td></tr> <tr> <td>500.00 to 1,000.00 earn 10% discount.</td><td>5,000.00 and over earn 25% discount.</td></tr> </table> <p>These discounts are for all combined purchases in the full calendar year. They are in addition to the usual 2% for cash payment within ten days from date of invoice.</p>	\$ 25.00 to \$ 100.00 will pay dealer's list price	\$1,000.00 to \$2,500.00 earn 15% discount.	100.00 to 500.00 earn 5% discount.	2,500.00 to 5,000.00 earn 20% discount.	500.00 to 1,000.00 earn 10% discount.	5,000.00 and over earn 25% discount.
\$ 25.00 to \$ 100.00 will pay dealer's list price	\$1,000.00 to \$2,500.00 earn 15% discount.						
100.00 to 500.00 earn 5% discount.	2,500.00 to 5,000.00 earn 20% discount.						
500.00 to 1,000.00 earn 10% discount.	5,000.00 and over earn 25% discount.						
<i>Mailing List</i>	<p>We are anxious to keep our mailing list as up-to-date as possible and hope you will cooperate in advising us if anything is wrong with our addressing. Let us know, too, if you need additional copies of our confidential dealer's list or of our descriptive catalog. Our next book will go out only to actual buyers and to those of our friends who have shown a genuine interest in our products. We cannot continue to mail our offers to people who have no intention of purchasing any Lilies or Daffodils.</p>						
<i>Inspection and Claims</i>	<p>All shipments bear a Certificate of Inspection issued by our Oregon State Department of Agriculture. It is distinctly understood that our customers must assume all risk in regard to the entomological requirements of their respective states. Complaints and claims about the quality supplied cannot be entertained unless made immediately upon receipt of the bulbs. No warranty is given, express or implied, and we will not be in any way responsible for the results of planting or forcing of any bulbs supplied by us.</p>						
<i>Quotations</i>	<p>Prices are quoted subject to stocks being unsold upon receipt of orders. Verbal agreements will not be considered. All orders are accepted subject to satisfactory crops. By placing orders, buyers are considered to agree with our terms. If at the time of shipment purchasers have not yet settled their previous year's accounts, or in the case of unknown customers that cannot supply sufficiently good references or in the case of unsatisfactory information, we shall be compelled to cancel any orders placed with us.</p>

# Terms and Conditions of Sale

This offer cancels all previous verbal, written or printed quotations.

PLEASE READ CAREFULLY

## Terms

Our terms of sale are those customary in our trade; 2% discount for cash payment within 10 days from date of invoice; 30 days net. We sell f.o.b. our farms. Make all cheques payable to OREGON BULB FARMS.

## Conditions

Our business is exclusively wholesale. No orders will be accepted from parties not actually engaged in the seed and nursery trade. While we seldom fail to complete accepted orders, we reserve the right to omit any part of an order where unexpected or unavoidable shortages occur. We do not substitute unless we are expressly instructed to do so. With our Packaged Collections we reserve the right to substitute equal or better varieties in any collection, in case an unexpected shortage of any variety occurs. Where such a substitution is made the label will be altered, if necessary, to show exact contents.

## Delivery

All orders shipped at purchaser's expense and risk. We exercise every possible precaution to pack our bulbs safely and to protect them against damage in transit. However, we cannot offer any guarantee to that effect.

No extra charges are made for delivery to carrier, nor is any charge made for containers or crates. Charges for freight, forwarding and delivery will be collected when the bulbs arrive. These charges are net, not subject to any discount.

## Books

### **THE NEW BOOK OF LILIES by Jan de Graaff**

Superbly illustrated in color, this book sums up more than twenty years of experience with lilies, their commercial production, their history and their future. Whether you grow lilies yourself or sell them to the public, this book is one you should have on your shelves. Your price \$2.18 post paid. Retail price \$3.50 per copy.

## Delivered Prices and Carload Rates

All quotations are made on an f.o.b. our farms basis. We realize that some of our customers might prefer a price that includes all delivery charges. We feel that it would be impossible for us to calculate such "delivered" prices so that we receive the price we must have for the bulbs, plus forwarding charges. Inevitably, there would be pressure on us to ship lighter bulbs to distant points. We guarantee carload rates on all early Daffodil orders and can also arrange for carload or pool truck rates to some major Eastern distribution points for Lilies. Our customers for Daffodils can count on pool truck or carload rates to Los Angeles and San Francisco, California; Hamburg, Iowa; Chicago, Illinois; Dallas, Texas; Atlanta, Georgia; Washington, D. C. and Philadelphia, Pennsylvania for early orders only.

## Guarantee

We guarantee all varieties to be true to name and description. While we exercise the greatest care to have all stock true to name and hold ourselves prepared to replace, on proper proof, all stock that may prove untrue, it is mutually agreed between the purchaser and the Oregon Bulb Farms that we shall not at any time be held responsible for a greater amount than the original purchase price of the stock.

**THESE PRICES ARE WHOLESALE AND FOR THE TRADE ONLY.

## Daffodil Collections for 1957 Offers

Obviously, it is much cheaper and more efficient for us to pack a number of identical collections at one time. Because of this and because we are anxious to have the American gardeners test some of our Oregon-grown, acclimated novelties, we suggest that you list these special collections of Daffodils, carefully selected during the 1956 flowering season. The bulbs will be of the best double-nose grade, each one carefully packed and labeled and again each collection plainly marked. These 1957 collections of ours are ideal for a special promotion.
